

Joshua 6:20

# The Wall Youth Foundation

Hello All,

I am excited about what's happening at The Wall Center in Carmichael.

On our opening day, 15 kids showed up, now we have 25 kids coming every day and we haven't even started advertising that we have reopened. Our database is already over 100 kids in just a month. We are seeing new faces coming in everyday, which is very exciting.

We have set up the teen center floor with 6 tables so kids and staff can hang out and play board games; Monopoly, Life, Sorry, Chess, and many more. This has pulled kids away from video games to interact with each other and the staff. We have recently acquired a Wii play system; (thank you Carmichael Kiwanis), and with this system the staff and kids can interact in games like bowling, tennis, and auto racing. Now with this game we recently held a Wii bowling tournament and 15 kids joined in and had a great time. Now when kids arrive they want to know the game of the day they can look forward to playing. Tuesdays and Thursdays are our music jam days a time when kids can play music during teen center hours; the kids really take advantage of it and some of them are very good.

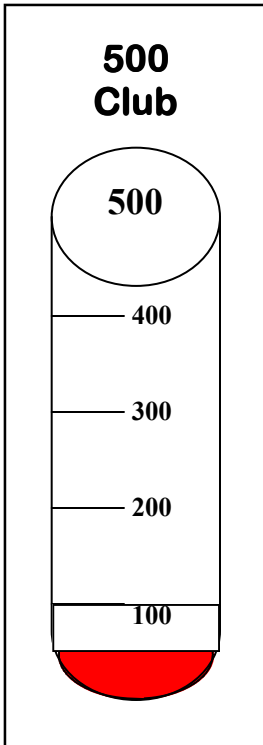

We have been meeting kids for Bible studies even during the transition stages. One of my female staff is meeting with 5 girls and I am meeting with 5 boys. Our outreach program will be starting in November; we call it HOLES, a program offered to high school students who may be interested in finding out who Jesus Christ is and what the Bible teaches about life.

We are working on our event calendar and developing our website. The 500 Club is beginning to grow and we are grateful to all who have decided to join the team in reaching kids and equipping them for life.

We are currently running a fundraiser in which the kids are selling food and service cards for \$10.00 each for each card sold the center gets \$4.00. If you like pizza, lazer tag, bowling, tanning, and more, let me know and we will get you one.

The Lord continues to open doors in this ministry; I look forward to continuing to serve Him and can't wait to see what He will do next!

God Bless  
Jim Vargas
